

Touch en PowerShell

[crayon-6a9d6f3a264c0064506973/]

```
PS /Users/lamac> echo $null >> fichero  
PS /Users/lamac> gc fichero  
PS /Users/lamac> 
```

The image shows a PowerShell terminal window with a dark background. The title bar at the top indicates the user is 'lamac' and the window is titled 'powershell' with dimensions '98x16'. The terminal displays three lines of commands and their outputs. The first command 'echo \$null >> fichero' creates an empty file named 'fichero'. The second command 'gc fichero' lists the contents of the file, which is empty. The third line shows the prompt 'PS /Users/lamac>' with a cursor, indicating the session is still active.
