

Buscar una palabra dentro de un texto en PowerShell

[crayon-6a9da2e671020504348407/]

```
lamac — powershell — 80x18
PS /Users/lamac> echo "frase 1" > frases.txt
PS /Users/lamac> echo "frase 2" >> frases.txt
PS /Users/lamac> cat ./frases.txt
??frase 1
frase 2
PS /Users/lamac> gc ./frases.txt | select-string "2"

frase 2

PS /Users/lamac> 
```
