

How to append to a file with PowerShell

[crayon-6a9d8d94d7c63745029906/]

A screenshot of a PowerShell terminal window. The title bar shows 'lamac — powershell — 74x21'. The terminal content shows the following commands and output:

```
[PS /Users/lamac> "hola" | Out-File fichero.txt  
[  
[PS /Users/lamac> "adios" | Out-File fichero.txt -append  
]  
  
PS /Users/lamac> cat fichero.txt  
  
??hola  
adios  
PS /Users/lamac> 
```
