

I WILL LIKE TO KNOW MORE ABOUT YOU (SCAM, SPAM)

Hello My Dear

How are you doing over there in your country, I believe you had a nice time and that the atmosphere over there in your country is very nice today? Mine is a little bit warm over here in Dakar Senegal.

My name is Sheila Joseph I am 26 years old but doesn't matter in a real relationship, so I will be comfortable with your age if you can tell me yours, I am from Rwanda in East Africa, 5.4ft tall, fair in complexion single, (never married) and presently I am residing here in Dakar as a result of the civil war that was fought in my country some years ago.

My late father Dr Habimana Joseph was a politician and the managing director of a Gold & Mine Ind in Kigali (the capital of Rwanda) before the rebels attacked our house one early morning and killed my mother and my father in cold blood. It was only me that is alive now and I managed to make my way to a near by country Senegal where I am leaving now as a refugee under a Reverend father who is taking care of us and I am using his computer to send these message to you. I would like to know more about you. Your likes and dislikes, your hobbies and what you are doing presently.

I will tell you more about myself in my next mail. Attached here is my picture. I will also like to see yours today!

Hopping to hear from you soonest,

Yours forever,

Sheila Joseph.
