

Dividir en dos partes una captura de pantalla

Captura de pantalla completa

[crayon-6a9d7949b5b1a024603464/]

The image shows a Windows PowerShell ISE window. The title bar reads "Windows PowerShell ISE". The menu bar includes "Archivo", "Editar", "Ver", "Herramientas", "Depurar", "Complementos", and "Ayuda". The toolbar contains icons for file operations, editing, and debugging. The script editor shows a file named "Sin título1.ps1" with the following code:

```
1 $path='e:\captura.png'
2 $b=New-Object System.Drawing.Bitmap([System.Windows.Forms.Screen]::PrimaryScreen.Bounds.Width, [System.Windows.Forms.Screen]::PrimaryScreen.Bounds.Height)
3 $g=[System.Drawing.Graphics]::FromImage($b)
4 $g.CopyFromScreen((New-Object System.Drawing.Point(0,0)), (New-Object System.Drawing.Point(0,0)), $b.Size)
5 $g.Dispose()
6 $b.Save($path)
```

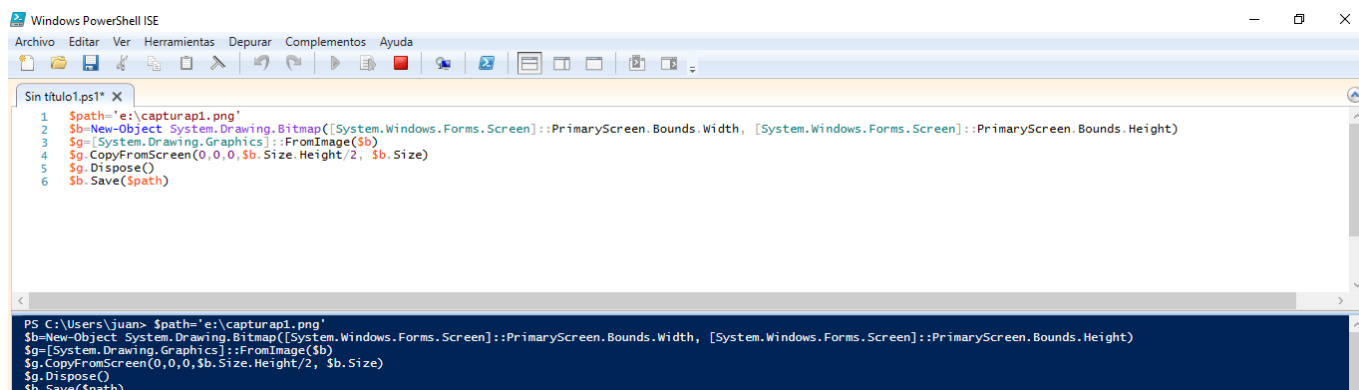

The console window below the script editor shows the execution of the script:

```
PS C:\Users\juan> $path='e:\captura.png'
$b=New-Object System.Drawing.Bitmap([System.Windows.Forms.Screen]::PrimaryScreen.Bounds.Width, [System.Windows.Forms.Screen]::PrimaryScreen.Bounds.Height)
$g=[System.Drawing.Graphics]::FromImage($b)
$g.CopyFromScreen((New-Object System.Drawing.Point(0,0)), (New-Object System.Drawing.Point(0,0)), $b.Size)
$g.Dispose()
$b.Save($path)
```

The status bar at the bottom indicates "Se está ejecutando el script o la selección. Presione Ctrl+Inter para detenerlo. Presione Ctrl+B para interrumpir el depurador." and shows the current position as "Lín. 1 Col. 11" with a zoom level of "100 %". The taskbar at the very bottom shows the Windows Start button, task view, and several open applications including Chrome, File Explorer, and PowerShell ISE. The system clock shows "14:34 30/07/2017".
