

# Generate complex password

[crayon-6a9d7852e2104072085921/]

The screenshot shows the Windows PowerShell ISE interface. The top menu bar includes 'Archivo', 'Editar', 'Ver', 'Herramientas', 'Depurar', 'Complementos', and 'Ayuda'. Below the menu is a toolbar with various icons. The main editor window has a tab titled 'Sin título1.ps1\*'. The script content is as follows:

```
1 $Assembly = Add-Type -AssemblyName System.Web
2 [System.Web.Security.Membership]::GeneratePassword(10,3)
```

The console output shows the execution of the script, generating five different complex passwords:

```
PS C:\Users\juan> $Assembly = Add-Type -AssemblyName System.Web
[System.Web.Security.Membership]::GeneratePassword(10,3)
