

Reemplazar caracteres dentro de una cadena

[crayon-6a9d5eed188bf418784357/]

```
lamac — powershell — 49x10
[PS /Users/lamac> 'Hola'.Replace('o', '0')]
H0la
PS /Users/lamac> 
```

A screenshot of a PowerShell terminal window. The title bar shows 'lamac — powershell — 49x10'. The command prompt is '[PS /Users/lamac> 'Hola'.Replace('o', '0')]'. The output is 'H0la'. The prompt is now 'PS /Users/lamac> '.
