

Install PyAutoGUI

On Windows, this is

```
C:\Python34\pip.exe install pyautogui
```

(Though you may have a different version of Python installed other than 3.4)

```
Símbolo del sistema
C:\Users\juan\AppData\Local\Programs\Python\Python36\Scripts>pip.exe install pyautogui

C:\Users\juan\AppData\Local\Programs\Python\Python36\Scripts>
```

On OS X, this is

```
pip3 install pyobjc-framework-Quartz
pip3 install pyobjc-core
pip3 install pyobjc
pip3 install pyautogui
```

If you are running El Capitan and have problems installing pyobjc try:

```
MACOSX_DEPLOYMENT_TARGET=10.11 pip install pyobjc
```

On Linux, this is

```
pip3 install python3-xlib  
sudo apt-get install scrot  
sudo apt-get install python3-tk  
sudo apt-get install python3-dev  
pip3 install pyautogui
```
