

Crear variable de entorno permanentes en Powershell

[crayon-6a9d5fb6b1ccd013123014/]

The screenshot shows the Windows PowerShell ISE interface. The top menu bar includes 'Archivo', 'Editar', 'Ver', 'Herramientas', 'Depurar', 'Complementos', and 'Ayuda'. The toolbar contains various icons for file operations and execution. The editor window has two tabs: 'Sin título1.ps1*' and 'Microsoft.PowerShellISE_profile.ps1'. The first tab contains the code: `1 $env:TestVariable = "Test variable"`. The console window at the bottom shows the following commands and output:

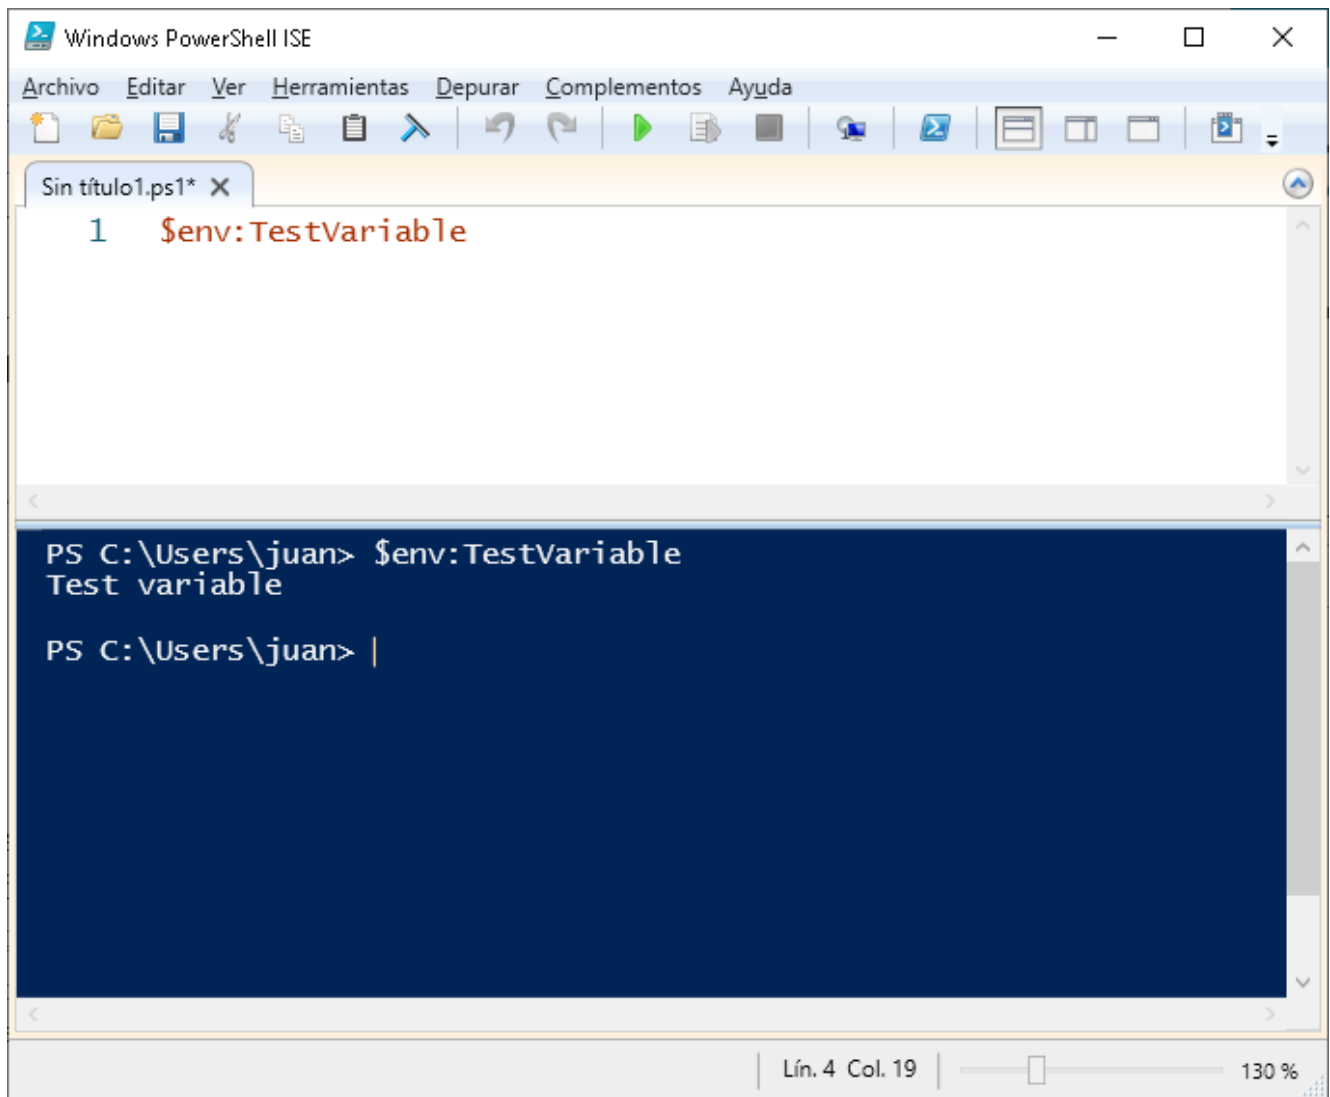

```
PS C:\Users\juan> new-item -path $profile -itemtype file -force

Directorio: C:\Users\juan\Documents\WindowsPowerShell

Mode                LastWriteTime         Length Name
----                -
-a-----         24/11/2021   21:54             0 Microsoft.PowerShellISE_profile.ps1

PS C:\Users\juan> powershell_ise $profile
PS C:\Users\juan>
```

The status bar at the bottom right indicates 'Lin. 1 Col. 36' and '130 %' zoom.

The image shows a screenshot of the Windows PowerShell ISE (Integrated Scripting Environment) window. The window has a title bar that says "Windows PowerShell ISE" and standard Windows window controls (minimize, maximize, close). Below the title bar is a menu bar with the following items: Archivo, Editar, Ver, Herramientas, Depurar, Complementos, and Ayuda. Underneath the menu bar is a toolbar with various icons for file operations (like Open, Save, Print), editing (like Undo, Redo, Cut, Copy, Paste), and execution (like Run, Stop). The main area of the window is divided into two panes. The top pane is a script editor showing a single line of PowerShell code: `$env:TestVariable`. The bottom pane is a console window with a dark blue background, showing the output of the command. It displays the prompt `PS C:\Users\juan>`, followed by the command `$env:TestVariable`, and then the output `Test variable`. Below the console window, there is a status bar showing the current line and column numbers: "Lín. 4 Col. 19", a zoom slider, and the zoom level: "130 %".

```
Sin título1.ps1* X
```

```
1 $env:TestVariable
```

```
PS C:\Users\juan> $env:TestVariable
Test variable

PS C:\Users\juan> |
```
